HoofmApp

General Information

HoofmApp allows you to upload pictures of horses hooves, which can then get overlaid with templates to e.g. observe and see changes in the angles of hooves over time, from different perspectives.

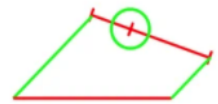

To use the app, you'll need to take a true lateral picture of the hoof at 90 degrees, ground level.

The better the quality of the picture, the more precise the outcome will be

Note: any blue text or button in the app is a link, which triggers an action

The following screenshots are shown for illustration purposes only and are based on “black mode”, thus, the screenshots may have a different background color than yours.

How to Subscribe

Open the App

In order to upload a picture, you'll need to have an active subscription. You can subscribe via 2 options:

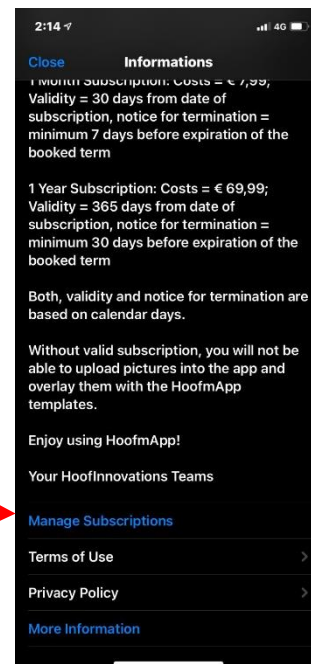

Option 1

Click on the “info” button at the upper lefthand corner of the start screen.

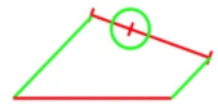

Scroll down until you see the blue link “Manage Subscriptions”

Click on the link

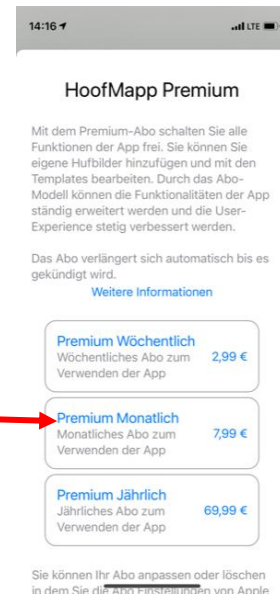

HoofmApp – User Manual

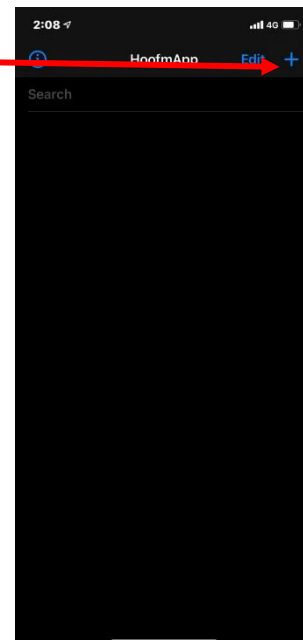

This will open the following screen, which shows the 3 subscription options

Choose your option and click on the blue text

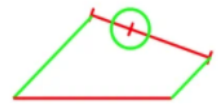

Option 2

Click on the “+” button at the upper righthand corner of the app

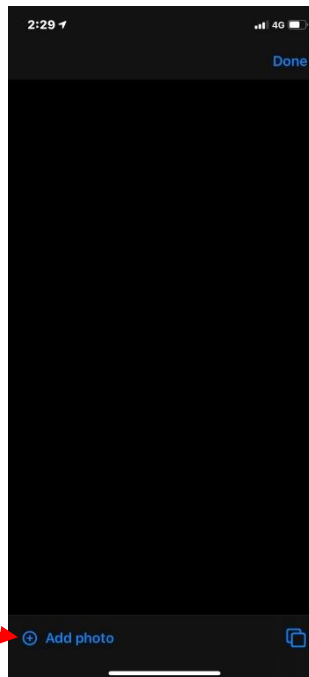

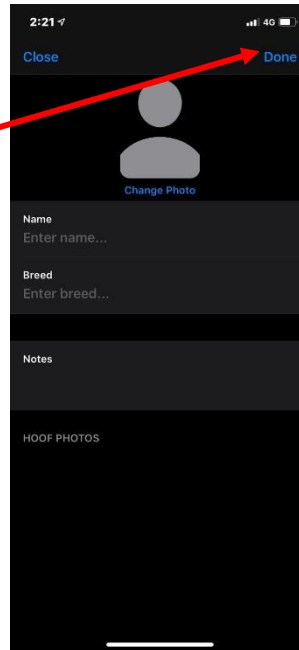

HoofmApp – User Manual

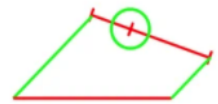

This will create a new folder and will open the following screen

All fields are optional. You can either fill them out or just click the “done” button at the upper righthand corner of the screen.

Clicking the “done” button will save the information you just entered and will furthermore open the following screen, which now allows you to upload a picture.

If you click on the “add photo” button, at the bottom lefthand corner of the screen, the below screen will open, which shows the 3 subscription options

HoofmApp Premium

Mit dem Premium-Abo schalten Sie alle Funktionen der App frei. Sie können Sie eigene Hufbilder hinzufügen und mit den Templates bearbeiten. Durch das Abo-Modell können die Funktionalitäten der App ständig erweitert werden und die User-Experience stetig verbessert werden.

Das Abo verlängert sich automatisch bis es gekündigt wird.

Jährliches Abo zum Verwenden der App **69,99 €**

Sie können Ihr Abo anpassen oder löschen in dem Sie [hier](#) klicken.

Choose your option and click on the blue text

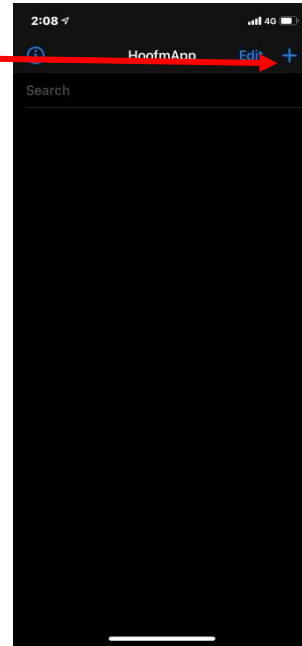

How to upload a Photo and Choose a Template

Open the app

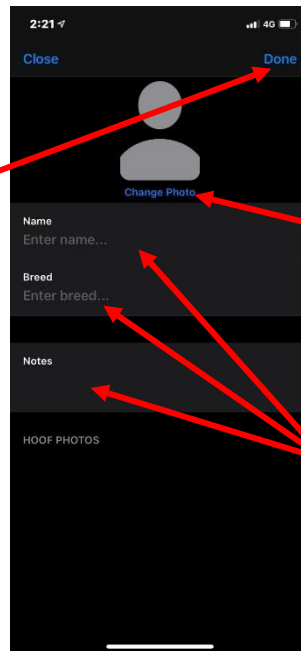

Click on the “+” button at the upper righthand corner of the app

This will create a new folder and will open the following screen

All fields are optional. You can either fill them out or just click the “done” button at the upper righthand corner of the screen.

Clicking the “done” button will save the information you just entered and will furthermore open the following screen, which now allows you to upload a picture.

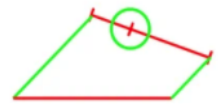

You can add a photo, which will be displayed as cover of the folder. This allows for quick recognition of the horses folder.

By clicking “Change Photo”, a picture from your phone’s gallery can be added

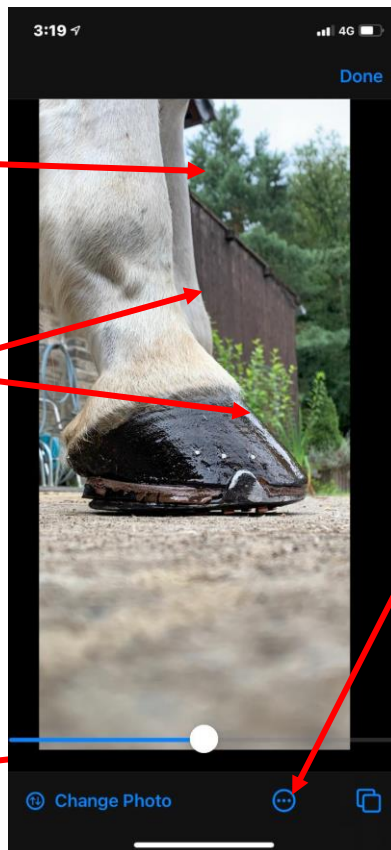

You can add the name, breed and any other information that helps identify the horse

Clicking the “Done” button will open the following screen

Clicking the “add photo” button, at the bottom lefthand corner of the screen, will open your phone’s gallery, from which you can now chose a photo to work on

By clicking on the photo you want, the photo will be loaded on the screen of the app, as per below screenshot.

You can move the picture using one finger

You can change the size and position of the photo using two fingers

Moving this button left or wright allows you to position the photo horizontally

The options button at the bottom of the screen allows you to e.g. change the speed of the movement or lock the picture to ground parallel

Clicking the “Templates” button at the bottom righthand corner of the screen allows you to choose a template, which you want overlay on the picture
